

# Broker Statewide Webinar

April 11, 2024, 12:00 p.m.

The webinar is not being recorded, but this PowerPoint will be available on Assister Central

**During the webinar, please use the “chat” feature to submit questions.**

# Public Program Unwinding Concluding

- The final cohort of the public program unwinding process is June 2024.
  - Coverage for this cohort will end May 31, 2024 if they do not complete their paperwork.
- If Medical Assistance coverage is terminated for not completing the renewal, the former enrollee or household has a 4 month “reconsideration period” after coverage is closed when they can still submit the renewal form or the missing information/proofs to complete the renewal.
- A guide describing notices and appropriate action is available from DHS: [https://mn.gov/dhs/assets/resource-guide\\_tcm1053-603785.pdf](https://mn.gov/dhs/assets/resource-guide_tcm1053-603785.pdf)

# Continuous Coverage SEP

---

- Reminder that individuals losing MA or MinnesotaCare coverage that were enrolled under the continuous coverage rules during the pandemic qualify for an enhanced SEP opportunity.
- Consumers eligible for this SEP have a 90-day SEP window (instead of standard 60 days) before and after the last day of MA or MinnesotaCare coverage.
- If they select a plan during the first 60 days of the SEP, they will have the option of a retroactive start date back to the first of the month of when they lost coverage.
- Consumers who miss the 90-day window may qualify for an additional 30-day SEP. Contact the Broker Service Line if you are working with a consumer in this situation.

# Unwinding SEP Activity

- As consumers lose coverage during the unwinding, nearly a third are enrolling through MNsure.

<b>Coverage Transition Dashboard</b> As of March 11, 2024		
Cumulative Total Eligible for Qualified Health Plan (QHP)	33,944	100%
Cumulative Total Qualifying Life Events (QLE) Reported	14,308	42%
QHP Selections	10,596	31%

# Broker Stakeholder Group

---

- MNSure established a stakeholder group to gather feedback and leverage expertise to inform our program operations. This group will be an important resource as MNSure implements the move from METS to the new eligibility system.
- The group consists of 10 to 13 certified brokers who provide both geographic and constituency representation.
- Meetings are virtual on the third Thursday of every other month, or as needed.
- Watch the Broker Communication for further information on how to apply to join the stakeholder group and contribute your expertise!

# Thank You for Attending!
